Nominating for	Councillor for West Ward
Election Type	Ordinary

EDWARDS, Peter

I am a father, husband and self employed 37 year-old Optometrist who works in and is raising a young family in Claremont. Four generations of the Edwards family have lived in Claremont, with two generations representing Claremont families on Council.

Since being elected in 2011, I believe I have made effective contributions to the community. In 2019 I ask for your continued support to work on:

- Retaining the village feel in Swanbourne and Claremont, including supporting heritage and controlling urban infill.
- Meeting traffic and parking management challenges.
- Continuing the environmental restoration of the Lake Claremont area whilst making it more accessible to families and recreation.
- Advocating for improvements to the parks, roads and footpaths in the West Ward and continuing the record of renewal, having accomplished the underground power project
- Keeping budget spending low and directing funds to the right priorities to keep rates down.
