

# NOTIFICATION OF CIVIL WORKS

## **Rochdale Road, Nedlands – Alfred Road to Haldane Street**

### **The Owner/Occupier**

Downer, on behalf of City of Nedlands, wish to advise road users, residents, and businesses that civil work will be undertaken on Rochdale Road between Alfred Rd and Haldane St. Construction activities will include drainage upgrades of existing stormwater pits and new pit installations, concrete works inclusive of new kerb/footpath/pram ramps and crossovers, as well as a seal and asphalt resurface.

Downer would like to advise local residents and businesses that road closures along Rochdale Road will commence from Wednesday 18/10/23 through to Thursday 07/12/2023, weather dependent. Road closures will be implemented along Rochdale Rd between Alfred Rd and Haldane St from 7am to 5pm. Road users will be required to follow detour routes around the closure and are reminded to slow down when approaching the worksite, obey all signs and signals and comply with directions from traffic controllers.

If road users require access to their property within the road closure, please approach one of the stationed traffic controllers onsite who will guide you safely through the area.

Please be reminded that parking restrictions along Strickland St and Adderley St will be in place during the duration of the project.

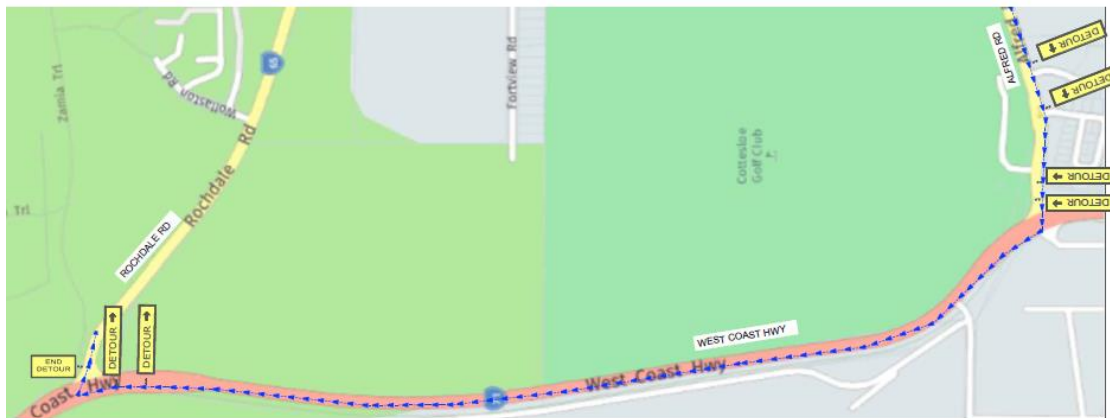

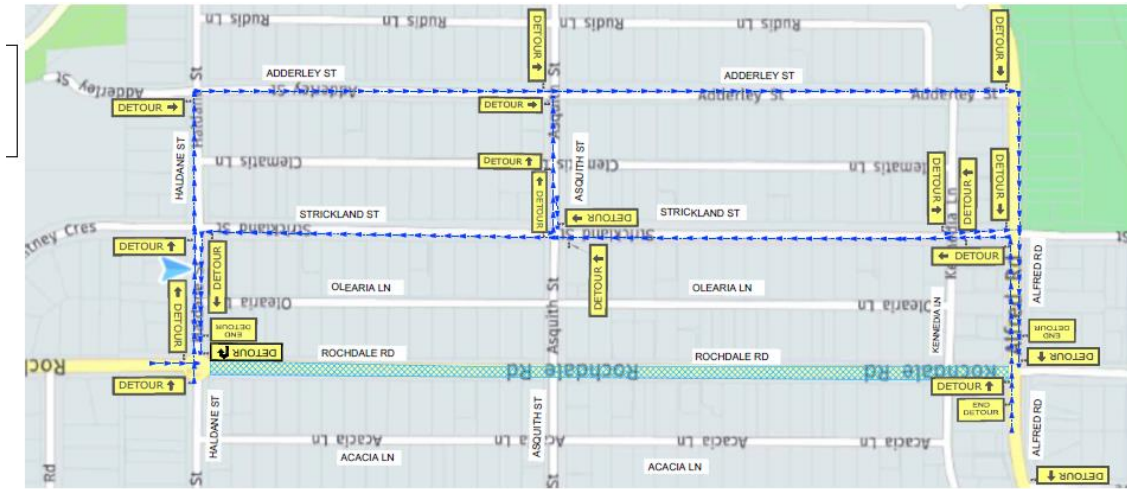

For further project related enquiries please contact:

- Downer Project Supervisor – Nathan Flatman (0448 086 818)
- Downer Project Manager – Aaron Kanagaratnam (0437 917 896)
- Downer Operations Manager – Grant Patridge (0460 422 195)
- City of Nedlands Project Manager – Peter Seed (9273 3500)

We thank you for your patience while these necessary works are in progress.

**Downer**  
October 2023

Please refer to the back page for detour routes during these works.

**Detour 1 (Closure between Alfred Rd and Haldane St)**

**Detour 2 (Haldane St Roundabout Closure)**
